

Are you interested or/and involved in supporting people and community in **rural areas**?

Are there any **issues or problems at local level** in your country, that the local service providers can't manage?

Would you be willing to support people in rural or remote areas to self-organize and form themselves into "**cooperatives**" with the aim of solving the issue?

3 times '**YES**'? ...
...then become a **Community Cooperative Facilitator (CCF)**!

All active citizens, trainers or community activist from a training institute or NGO are welcome to attend the **Transnational training Course in Italy, February 2016**, organized within The project "Entrepreneurship and Community cooperatives" (EntCoM).

During **5 days**, as 1 of the **70 participants** from **7 different EU countries**, you will go through practical and informative course. Topical modules provide the training, that you as the future CCF would need, to promote community cooperative in your rural area and support other people in analyzing their communities needs, identifying a project and operating for its effective implementation.

As a participant of this Transnational training course:

- ✓ You'll find out ways how to help local communities to cooperate and help themselves
- ✓ You can share experiences and local specificities
- ✓ You become not only a multiplier but by giving feedbacks, evaluations and recommendations, you will also participate in creating the Final **Training Course**, which is one of the main results of the EntCoM project

Entrepreneurship and Community Cooperatives

2014-1-IT02-KA204-003631

The project "Entrepreneurship and Community cooperatives" (EntCoM) aims at fostering active citizenship and entrepreneurship (considering social entrepreneurship) in small or remote areas.

The project has **three clear activities**:

- 1.** the development and consolidation of entrepreneurial competences (knowledge, skills and attitude) in order to structure entrepreneurial initiatives under the specific framework of "community cooperatives"
- 2.** Foster learning mobilities at EU level to answer local needs
- 3.** contribute to the recognition and validation of such entrepreneurial competences under the ECVET, ESCO and UROPASS framework.
